A unique Postgraduate School model in the World

Real Madrid Graduate School - Universidad Europea was founded in 2006 with the aim of training the sports industry's future leading professionals.

The alliance between Real Madrid—the most successful sports club in history—and Universidad Europea, a leading holistic education institution in Spain, aims to boost professional development and modernisation in the sector through university education.

The graduate school's academic quality and strict standards are demonstrated by the 16.000 students that have already graduated over the past 18 years, many of whom are now working as successful professionals in different areas of the sports industry today.

A photograph of two men in dark suits and white face masks. The man on the left is clapping his hands. The man on the right is holding a white certificate or award. They are standing in front of a large, colorful mural depicting a historical scene with figures in period clothing.

Image of the ceremony to collect the Copa Stadium National Sports Award granted to the School "for promoting education, research and professionalization at national and international level in all aspects related to sport".

The General Director of the School, Mr. Emilio Butragueño was in charge of collecting the award from the hands of Their Majesties King Felipe VI and Queen Letizia of Spain.
